

Your wedding day is one of the most important days of your life. We appreciate the opportunity to take part in the celebration of your new life together. Our goal is to assist you and your loved ones in remembering one of the happiest times of your life for years to come.

Our wedding service includes the use of portable studio lighting to achieve formal studio portraits of bride, groom and other members of the wedding party and family. We also use a combination of studio back grounds and/or the natural indoor setting of your wedding location.

We will include a number of candid photos covering your event from beginning to end. You have a minimum of 300 proofs to choose from (usually 300 to 800 proofs).

### PAYMENT SCHEDULE

The photographer's shooting fee is \$200.00, not credited toward picture purchase. A minimum order of \$1500.00 is required. The collection terms of these charges are due as follows.
